“I have a dream. I dream that all the world will become peaceful. I dream that all the killing will stop. I dream that all the children will walk in peace and harmony. I dream that all the nations shake hands with each other, protect each other and help each other. I dream that our beautiful planet will not be destroyed. It takes billion, billion, trillions of years to produce this planet and it’s so beautiful, so wonderful. I dream that it will continue, but in peace, beauty and love.”

VEG FACTS

*According to Worldwatch Institute

The livestock production life cycle and supply chain causes at least 51% of global greenhouse gases.

It takes 100,000 liters of water to produce 1 kilogram (2.2 pounds) of grain-fed beef, whereas only 500 liters of water is used to produce 1 kilogram of potatoes. Forgoing 1/2 kilogram (1 pound) of beef saves more water than not showering for at least 6 months.

A vegetarian diet reduces the risk of heart disease by 50% and cancers by 64%.

The beef industry has contributed to more American deaths than all the wars of this century, all natural disasters, and all automobile accidents combined.

~ Neal Barnard, MD
Founding president of Physicians Committee for Responsible Medicine; Vegan Shining World Compassion Award Laureate

Be Veg, Go Green 2 Save the Planet!

Vegetarian food leaves a deep impression on our nature. If the whole world adopts vegetarianism, it can change the destiny of humankind.

The reason I went veggie was because I literally looked at my dog and said, “Why don’t I eat you? Why do I get you pretty beds to sleep on and put so much love into you, and then this other creature that has just as much desire to live, just as much funny personality, all the things that your dog can provide for you – why do I choose to let this animal be tortured?”

~ Alicia Silverstone

That's why it is called "Immediate Enlightenment." "Enlightened" means we can see light. The light in us is enlightened. Now, we can see Light of the Heavenly world, and we can hear Sound of the higher world. That is what is called enlightened. Through the process of sound connecting with the original sound of the universe which is the "Word" in the Bible.
